

Overview

ALBERDINGK® AC 75080 VP

Product number: 000000000000241029

Description

Aqueous, medium viscous copolymer dispersion without plasticizers (APEO-free).

Suitable for producing adhesives for tapes, labels and sheets.

Product information

Minimum film forming temperature (MFFT) (°C):	0
Multi phase:	No
Self crosslinking (SXL):	No
Solids content:	64.0 - 66.0
Viscosity (Brookfield RVT) (mPas):	2,000 - 5,000
pH-value :	3.0 - 5.0
Applications:	• Adhesives • Adhesives > Automotive • Adhesives > Building & Construction • Adhesives > Tapes and labels • Elastomers • Packaging • Packaging > Adhesive • Packaging > Paper & cardboard • Packaging with food contact • Packaging with food contact > Adhesive • Packaging with food contact > Paper & Cardboard
