

Overview

ALBERDINGK® AC 75066

Product number: 000000000000241202

Description

Aqueous, medium viscous copolymer-dispersion based on acrylic acid esters without plasticizers and protective colloids (APEO-free).

Product information

Minimum film forming temperature (MFFT) (°C):	0
Multi phase:	No
Self crosslinking (SXL):	No
Solids content:	61.0 - 63.0
Viscosity (Brookfield RVT) (mPas):	500 - 3,000
pH-value :	5.0 - 6.5
Applications:	• Adhesives • Adhesives > Automotive • Adhesives > Tapes and labels
