

Overview

ALBERDINGK® Linseed Stand Oil 600 dPa s

Product number: 000000000000210425

Description

Linseed-Standoil according to DIN EN ISO 276 is a drying oil produced solely out of linseed oil by polymerisation at high temperatures.

Linseed-Standoil with various viscosities and acid values is used in the production of paints, print-anticorrosive- and aluminium-paints as well as in the production of pigment pastes and brake linings.

Product information

Acid Value (mg KOH/g):	4.0 - 12.0
Gardner color:	3.0 - 8.0
Iodine value according to Wijs:	0.0000 - 0.0000
Saponification value max (mg KOH/g):	200
Viscosity (Hoeppler) (dPas):	540.00 - 660.00
Applications:	• Printing inks
