

Overview

ALBERDINGK® LUX 481

Product number: 00000000000278161

Description

Aqueous, anionic, UV-crosslinkable dispersion based on aliphatic polyester polyurethane and copolymer of acrylic acid esters.

Product information

Applications :	Plastic, Plastic > ABS, Wood, Wood > Furniture pigmented , Wood > Furniture transparent
Minimum film forming temperature (MFFT) (°C) :	0
Solids content :	39.0 - 41.0
Viscosity (Brookfield RVT) (mPas) :	10 - 500
pH-value :	7.0 - 8.0
