

Overview

ALBERDINGK® AS 2684

Product number: 000000000000274401

Description

Aqueous, fine disperse copolymer dispersion, free of plasticizers, APEO and protective colloids.

For wood, metal and plastic coatings.

Product information

Minimum film forming temperature (MFFT) (°C):	31
Multi phase:	No
Self crosslinking (SXL):	No
Solids content:	41.0 - 43.0
Viscosity (Brookfield RVT) (mPas):	1,500 - 4,000
pH-value :	7.0 - 8.0
Applications:	• Metal • Metal > Primer • Plastic • Plastic > ABS • Plastic > ABS/PC (Bayblend T65 XF) • Plastic > PA 6 (Perlon) • Plastic > PA 6.6 (Nylon) • Plastic > PC • Plastic > PVC flexible • Plastic > PVC rigid • Wood • Wood > Furniture pigmented • Wood > Furniture transparent
